

BULLARD DECON CLOTH DISPENSER

Introducing the new Bullard Decon Cloth Dispenser, a **Distribution Management System**. The dispenser controls waste while promoting efficient usage to first responders on-scene. Designed for easy access in many different locations, including around the station and in the cab of fire trucks.

MET-BW-DISPENSER

- A.** 5° INCLINED FLOOR
- B.** REFILL LINE
- C.** 1/8" MOUNTING HOLE

DIMENSIONS

8" ¹⁵/₁₆ H x 5" ³/₈ W x 4" ¹/₈ D

* DISPENSER HOLDS 33 WIPES

This heavy duty **18 gauge/304L** brushed stainless steel dispenser has **4 pre-drilled holes** designed for **mounting**.

The **refill line**, visible on the dispenser, prompts users to add an **entire new box** of cloths, eliminating the hassle of broken or open boxes laying around.
